SPRING CLEANING

MAYOR ROBEY URGES CITIZENS TO BEGIN GARBAGE REMOVAL.

TO HAVE CLEAN-UP DAY

City Head Thinks It Is Early to Designate One Now, But Will Do So Later On.

With the thawing of the ground and the coming of the various harbingers of spring, the city is beginning to look as if it needed the ministrations of a few teams and wagons to help it get rid of the usual "left over" heaps of garbage that will collect during the cold weather.

Mayor Robey will later announce a Clean-Up Day—that is a day when everyone interested in the beautification of Maryville will make an attempt to aid in ridding the city of the collected debris, and to dress up the home grounds to welcome the coming of the warm seasons.

It is a little too early for Clean-Up day yet, according to the judgment of Mayor Robey who will wait for a few weeks before announcing the date. But the Mayor thinks that by concerted action much of the work that is usually left to Clean-Up day may be done beforehand. In order to remind the people of this and to suggest what may be accomplished daily from now on, the Mayor has issued the following statement:

To the Citizens of Maryville:—As the springtime approaches, it brings with it a spirit of eagerness to get busy and do something, as it is a little too early to have a general clean-up day on account of many things that should be removed and hauled away which are yet frozen down. I would suggest that each one of us begin to go to work now and begin by getting together all objectionable debris and piling it up in some handy place where the drag wagons can easily reach it when the time comes to remove it.

I have had considerable complaint concerning mud and leaves that gather on the pavement in front of the residences. Now here is what I do when such a condition exists in front of my home. I get a wheelbarrow and take a shovel along and remove it, take the dirt and wheel it into my garden, or some other place that it is needed. Let's all practice this, since the City is so hard up for funds. If your neighbor will not clean up likewise, do it yourself for him, and use the dirt. It will not be long before they will get the habit, and as the old saying is, "many hands make quick work." This serves a double purpose. It keeps the pavement clean, enriches your garden, and saves the city the expense of hiring a team to remove it.

Here is another thing I would like to urge upon the citizens. Everyone who has a vacant lot, or a piece of ground if it is not more than four feet square make it into a garden. If the ground lies alongside of a street, plant a nice row of flowers along the side next to the street to serve as a border, and to beautify the premises. This too, will serve several purposes. First, it will give many of us the much needed exercise; second, it will help cut down

the high cost of living, and third it will keep down the unsightly crop of weeds that usually infest vacant patches of ground.

A. S. Robey, Mayor.

WANT \$11,000 DAMAGES

P. M. Smith and Son Jesse Smith, Sue Burlington Railroad as a Result of Accident.

P. M. Smith and his son, Jesse Smith of near Arkoe filed suit in the office of the Circuit Clerk this morning against the Chicago, Burlington and Quincy Railroad, a corporation, for \$11,000 damages, said to be due them as the result of an accident to Jesse Smith, the son, August 30, 1915.

Jesse Smith, who wants \$10,000 damages, charges that through the carelessness of the railroad company which neglected to keep its station at Arkoe in repair, he tripped over a piece of iron, known as a "window weight," and fell under a moving locomotive. His left foot was mangled so badly that amputation was necessary. He charges that he has been permanently disabled and is unable to earn \$2 his daily wage, before he became crippled.

P. M. Smith, the father, asks \$1,000 damage, as he claims that he was out \$500 for medical expense during his son's illness and that he was also out \$500 in wages of his minor son, Jesse Smith, calculating at \$2 a day.

Charles McCaffrey is attorney for the plaintiffs.

WILL BEAUTIFY GROUNDS

County Court Making Arrangements for Planting Flowers and Trees on Court House Premises.

The county court has extensive plans for the beautification of the court house grounds, according to Judge William Blackford. Workmen were this morning engaged in cutting down three dead trees, two on the north side of the square and one on the west side. These trees had done their duty in providing shade for loiters on the court house lawn for many years and had become unsightly and diseased. Hence, the court ordered them to be cut down.

New elm trees will be ordered soon to replace the old ones. The stump of one tree has been left and will be used as a sort of flower basket. Flowers will be planted in it just as soon as spring is here for certain.

The ground will also be ornamented with several beds of choice plants, the lawn will be thoroughly raked and numerous other things will be done to increase the natural beauties of the grounds.

TOURNAMENT HERE

8 BEST BASKETBALL TEAMS TO PLAY FOR CHAMPIONSHIP.

DATES ARE MARCH 23-24

Will be Held Under the Auspices of Maryville Normal — Contestants From Best Teams in N. W. Mo.

The eight best high school basketball teams in Northwest Missouri will be seen in action at Maryville March 23 and 24. At that time a tournament will be held on the Normal court to decide the basketball championship of Northwest Missouri.

The tournament will be extensively advertised and a large attendance is expected. Each of the contesting teams will be accompanied by a band of its supporters, and many basketball fans from other towns will also be here. The tournament is held under the auspices of the Maryville Normal and will be an annual affair.

The competing teams will be members of the Northwest Missouri Inter-High School Athletic association, which includes about three hundred schools. At the beginning of the playing season the district was divided into four sub-divisions, the two best teams in each sub-division to take part in the final tournament at Maryville.

P. C. Calloway of Mound City, secretary of the association, has not yet submitted the names of the contestants from each sub-division but will do so as soon as possible. The teams will be judged on their records in the season just closed.

The contestants will be the best in this part of the state and are sure to put up a classy brand of basketball. A reasonable admission fee will be charged for the series of games. Coaches Hanson and Palfreyman of the Normal will probably act as officials.

CLUB PLANS TO GROW

Meeting of Good Roads Men Yesterday Results in Definite Plan to Increase Membership.

Plans for increasing the membership of the Nodaway County Automobile and Good Roads club, and for creating interest in the numerous state road movements throughout the country took definite form yesterday afternoon at the meeting of the club held at the court house. John Clary of Clearmont, president of the club had charge of the meeting.

The president and secretary were suggested as a committee to take charge of arranging for meetings of Good Roads Boosters to be held at each of the towns in the county, and of procuring speakers thoroughly acquainted with road problems to address these meetings. In this way, the members of the club thought that their membership could be increased and much work could be done for the betterment of the roads in the county.

E. M. Claypool, secretary of the club, explained in detail the provisions of the Hawes Road bill, and his talk was followed by short addresses by Dr. C. T. Bell, E. C. Wolfers of Hopkins, Judge William Blackford, and Dan R. Baker.

Secretary Claypool was appointed to go to St. Joseph next Monday for the purpose of meeting George McIninch, State Highway Commissioner, and to confer with him regarding the advisability of including either the Glidden Route or the Saints Highway among the 4,000 miles of road that are to be designated as part of the State Highway System.

WILL CONFER WITH KAISER

Count Von Bernstorff's Interview With Wilhelm May Bring About Ministerial Change in Berlin.

Special to The Democrat-Forum. London, Mar. 15.—Count von Bernstorff may confer with the Kaiser to day, according to an Amsterdam dispatch. The report reaching London stated that Bernstorff's talk with the Kaiser may result in important ministerial changes in Berlin. It became known since Bernstorff returned that marked coolness exists between him and several foreign officials. Bernstorff, it is understood, holds certain officials responsible for blocking efforts to maintain friendly relations with the United States.

Charles Wilson and E. C. Simmons of Pickering are among the out-of-town people in Maryville today.

They immediately moved to Nodaway county on the farm two miles west of Skidmore, known as the Meese farm, and lived there for two years. They then moved to a farm in Atchison county, where they lived until about ten years ago, when they moved to Skidmore, where they have since resided.

Funeral services will be held at 2 o'clock tomorrow afternoon at the house. The body will then be taken to the Methodist church where short services will be held, conducted by Rev. Harrison, assisted by Rev. Mr. Welton and Rev. Mr. Reuben Barrett. Burial will be at the Masonic cemetery.

TO MAKE LIST OF VESSELS.

Senate Would Find Out If All American Registered Ships are American.

Special to The Democrat-Forum. Washington, Mar. 15.—The condition of the President is now so much improved that he is again able to sit up in his room, but he is not able to see any callers.

The Senate adopted Senator Stone's resolution calling for a complete list of all the vessels for which application for admission to the American registry had been made since January, 1916. No explanation of this resolution could be given now, but it is understood that they will be examined to show whether the allies have been placing ships on the American registry in order to bring about the "overt act," which was to begin hostilities with Germany, according to the President's statement.

TAX BILL PASSES

GARDNER'S CHIEF MEASURE GETS HOUSE VOTE OF 75-62.

HARD FIGHT IN SENATE

Depended Upon to Rehabilitate the State's Finances—Commission Will Have Three Members.

Special to The Democrat-Forum. Jefferson City, Mo., Mar. 15.—One of the chief revenue measures of the administration—the tax commission bill passed the House and the Senate late yesterday afternoon. It now only awaits the signature of the governor before becoming a law.

The measure passed the House late yesterday by a vote of 75-62, after a very stormy journey. Two roll calls were required to save the measure from defeat when the joint conference committee's second report came up for adoption.

In the Senate, much the same fight was enacted again only the opposition was far in the minority. Hours were spent in advocating or denouncing the bill. The fight for the measure was led by Senator Morton of Ray county. On the adoption of the conference report these senators opposed it: Bronson of Christian, Elder and Wiget of St. Louis, Whitledge of Ste. Genevieve, Republicans, and Taylor of Chariton and Baldwin of Bates, Democrats. On final passage there were only four opposing votes.

This measure is depended on to rehabilitate the state's finances should all other administration revenue bills fail to pass or be held unconstitutional.

Recommended 3 Members

The committee's report recommended that the commission be composed of three members, the chairman to receive \$4,000 per annum and the other members \$3,500 with traveling expenses. A secretary at \$2,400 a year also was provided.

The committee also recommended that the tax commission's rulings should be final, only when approved by the State Board of Equalization. It originally intended that the tax commission should usurp the powers of the board. Abolishment of the board, however, would require an amendment to the constitution. The board was authorized by the constitution.

Income Tax Bill

The income tax bill, which has just been passed by the House with a few changes written into it, is expected to meet with approval in the Senate. The proposed Missouri Income Tax will be for 1/2 of 1 per cent on incomes exceeding \$3,000 a year for single persons and \$5,000 a year for married persons. It is a duplicate of the federal tax except for the percentage. Immediately after the passage of the income tax measure by the Senate it will go to Governor Gardner for his signature. The governor estimates that the bill will provide \$200,000 a year.

In connection with the recent ruling of the Attorney General that the law probably would be declared unconstitutional, Chairman Hobstetter of the House Appropriations committee said the House should let the courts pass on the constitutionality of any debatable measure.

MEAL PRICES TO GO UP

Four Maryville Cafes and Hotel Balmum to Charge More For Food—Lynville to Raise on Rooms.

The cafes and restaurants of Maryville will raise the prices of single meals and short orders beginning Monday, March 19. This decision was reached at the meeting of cafe and hotel owners held yesterday afternoon. The Hotel Balmum will also change prices of meals, but the Lynville Hotel has decided to raise the rent of rooms rather than raise the price of meals.

After March 19, the restaurants and cafes will charge forty cents for a regular meal instead of thirty-five cents which has been the price. Short orders will be some higher, exact prices to be determined by the individual cafes. Those who agreed on the proposition to increase the prices are: Moose Cafe, Edwards Cafe, Merchants Cafe, and Estes-Bowmer Cafe.

At the Hotel Balmum the prices for meals will be as follows: breakfast fifty cents; dinner, sixty cents, and supper, sixty cents.

AN INVITATION

You are invited to attend an exhibit of
Society Brand Clothes

America's Smartest

For Young Men
and Men Who Stay Young

For your guidance, the "Military Effect," fairly bristling with courage and bravery, is in evidence.

Shoulders are slightly accentuated, chest high, waistline defined; skirts of coats a trifle more flared.

These characteristics dominate the new models now on display here.

The Society Brand and our label in the garment are your assurance of correctness and quality.

Some of the new fabrics—exclusively Society Brand—are

go hand in hand with the cold germ.

They're a couple of cold spreaders. When they get you, it's snuffle, sneeze, sore, raw throat, tight chest and you feel all stuffed up—you know. Get busy! Don't wait till you get flat on your back and lose several days from your work, it's expensive and dangerous.

Go right into the first drug store you come across and ask the man behind the counter for a bottle of Dr. King's New Discovery for coughs and colds. He'll know; chances are he has sold it ever since the day he opened up.

Dr. King's New Discovery has been recommended and sold by druggists for nearly half a century—that's some record!

But the satisfaction it gives is what makes it so popular and you'll like it too. Dr. King's New Discovery eases your cough, soothes your tired throat and bronchial tubes, checks the cold and makes you feel like yourself again. Try it to-day.

SPRING CLEANING

MAYOR ROBEY URGES CITIZENS TO BEGIN GARBAGE REMOVAL.

TO HAVE CLEAN-UP DAY

City Head Thinks It Is Early to Designate One Now, But Will Do So Later On.

With the thawing of the ground and the coming of the various harbingers of spring, the city is beginning to look as if it needed the ministrations of a few teams and wagons to help it get rid of the usual "left over" heaps of garbage that will collect during the cold weather.

Mayor Robey will later announce a Clean-Up Day—that is a day when everyone interested in the beautification of Maryville will make an attempt to aid in ridding the city of the collected debris, and to dress up the home grounds to welcome the coming of the warm seasons.

It is a little too early for Clean-Up day yet, according to the judgment of Mayor Robey who will wait for a few weeks before announcing the date. But the Mayor thinks that by concerted action much of the work that is usually left to Clean-Up day may be done beforehand. In order to remind the people of this and to suggest what may be accomplished daily from now on, the Mayor has issued the following statement:

To the Citizens of Maryville:—As the springtime approaches, it brings with it a spirit of eagerness to get busy and do something, as it is a little too early to have a general clean-up day on account of many things that should be removed and hauled away which are yet frozen down, I would suggest that each one of us begin to get ready now and begin by getting together all objectionable debris and piling it up in some handy place where the dray wagons can easily reach it when the time comes to remove it.

I have had considerable complaint concerning mud and leaves that gather on the pavement in front of the residences. Now here is what I do when such a condition exists in front of my home. I get a wheelbarrow and take a shovel along and remove it, take the dirt and wheel it into my garden, or some other place that it is needed. Let's all practice this, since the City is so hard up for funds. If your neighbor will not clean up likewise, do it yourself for him, and use the dirt. It will not be long before they will get the habit, and as the old saying is, "many hands make quick work." This serves a double purpose. It keeps the pavement clean, enriches your garden, and saves the city the expense of hiring a team to remove it.

Here is another thing I would like to urge upon the citizens. Everyone who has a vacant lot, or a piece of ground if it is not more than four feet square make it into a garden. If the ground lies alongside of a street, plant a nice row of flowers along the side next to the street to serve as a border, and to beautify the premises. This too, will serve several purposes. First, it will give many of us the much needed exercise; second, it will help cut down

the high cost of living, and third it will keep down the unsightly crop of weeds that usually infest vacant patches of ground.

A. S. Robey, Mayor.

WANT \$11,000 DAMAGES

P. M. Smith and Son, Jesse Smith, Sue Burlington Railroad as a Result of Accident.

P. M. Smith and his son, Jesse Smith of near Arkoe filed suit in the office of the Circuit Clerk this morning against the Chicago, Burlington and Quincy Railroad, a corporation, for \$11,000 damages, said to be due them as the result of an accident to Jesse Smith, the son, August 30, 1915.

Jesse Smith, who wants \$10,000 damages, charges that through the carelessness of the railroad company which neglected to keep its station at Arkoe in repair, he tripped over a piece of iron, known as a "window weight," and fell under a moving locomotive. His left foot was mangled so badly that amputation was necessary. He charges that he has been permanently disabled and is unable to earn \$2 his daily wage, before he became crippled.

P. M. Smith, the father, asks \$1,000 damage, as he claims that he was out \$500 for medical expense during his son's illness and that he was also out \$500 in wages of his minor son, Jesse Smith, calculating at \$2 a day.

Charles McCaffrey is attorney for the plaintiffs.

WILL BEAUTIFY GROUNDS

County Court Making Arrangements for Planting Flowers and Trees on Court House Premises.

The county court has extensive plans for the beautification of the court house grounds, according to Judge William Blackford. Workmen were this morning engaged in cutting down three dead trees, two on the north side of the square and one on the west side. These trees had done their duty in providing shade for loiterers on the court house lawn for many years and had become unsightly and diseased. Hence, the court ordered them to be cut down.

New elm trees will be ordered soon to replace the old ones. The stump of one tree has been left and will be used as a sort of flower basket. Flowers will be planted in it just as soon as spring is here for certain.

The ground will also be ornamented with several beds of choice plants, the lawn will be thoroughly raked and numerous other things will be done to increase the natural beauties of the grounds.

S BEST BASKETBALL TEAMS TO PLAY FOR CHAMPIONSHIP.

DATES ARE MARCH 23-24

Will be Held Under the Auspices of Maryville Normal — Contestants From Best Teams in N. W. Mo.

The eight best high school basketball teams in Northwest Missouri will be seen in action at Maryville March 23 and 24. At that time a tournament will be held on the Normal court to decide the basketball championship of Northwest Missouri.

The tournament will be extensively advertised and a large attendance is expected. Each of the contesting teams will be accompanied by a band of its supporters, and many basketball fans from other towns will also be here. The tournament is held under the auspices of the Maryville Normal and will be an annual affair.

The competing teams will be members of the Northwest Missouri Inter-High School Athletic association, which includes about three hundred schools. At the beginning of the playing season the district was divided into four sub-divisions, the two best teams in each sub-division to take part in the final tournament at Maryville. P. C. Calloway of Mound City, secretary of the association, has not yet submitted the names of the contestants from each sub-district but will do so as soon as possible. The teams will be judged on their records in the season just closed.

The contestants will be the best in this part of the state and are sure to put up a classy brand of basketball. A reasonable admission fee will be charged for the series of games. Coaches Hanson and Palfreyman of the Normal will probably act as officials.

CLUB PLANS TO GROW

Meeting of Good Roads Men Yesterday Results in Definite Plan to Increase Membership.

Plans for increasing the membership of the Nodaway County Automobile and Good Roads club, and for creating interest in the numerous state road movements throughout the county took definite form yesterday afternoon at the meeting of the club held at the court house. John Clary of Clearmont, president of the club had charge of the meeting.

The president and secretary were suggested as a committee to take charge of arranging for meetings of Good Roads Boosters to be held at each of the towns in the county, and of procuring speakers thoroughly acquainted with road problems to address these meetings. In this way, the members of the club thought that their membership could be increased and much work could be done for the betterment of the roads in the county.

E. M. Claypool, secretary of the club, explained in detail the provisions of the Hawes Road bill, and his talk was followed by short addresses by Dr. C. T. Bell, E. C. Wolfers of Hopkins, Judge William Blackford, and Dan R. Baker.

Secretary Claypool was appointed to go to St. Joseph next Monday for the purpose of meeting George McIninch, State Highway Commissioner, and to confer with him regarding the advisability of including either the Glidden Route or the Saints Highway among the 4,000 miles of road that are to be designated as part of the State Highway System.

WILL CONFER WITH KAISER

Count Von Bernstorff's Interview With Wilhelm May Bring About Ministerial Change in Berlin.

Special to The Democrat-Forum.

London, Mar. 15.—Count von Bernstorff may confer with the Kaiser today, according to an Amsterdam dispatch. The report reaching London stated that Bernstorff's talk with the Kaiser may result in important ministerial changes in Berlin. It became known since Bernstorff returned that marked coolness exists between him and several foreign officials. Bernstorff, it is understood, holds certain officials responsible for blocking efforts to maintain friendly relations with the United States.

Charles Wilson and E. C. Simmons of Pickering are among the out-of-town people in Maryville today.

Those who favored the committee with willing contributions yesterday were: Dr. C. T. Bell, Dr. H. L. Stinson, Luther Forsyth, Dr. W. W. Turner, R. L. McDougal, F. W. White, W. C. Frank, J. H. Carstens, Drs. Wallis, Dr. F. M. Ryan, Drs. Martin, N. Sturm, Horace Richmond, B. M. Chandler, J. D. Ford, Harold Bellows, Harrison Brothers, Fred Diss, Superior Cleaning company, Dr. H. S. On December 8, 1866, Mr. Stevenson was married to Miss Nancy Ellen Botkin who died in November 1867. Mr. Stevenson was again married to Miss Rachael Ann Hunt, November 14, 1869. They immediately moved to Nodaway county on the farm two miles west of Skidmore, known as the Meese farm, and lived there for two years. They then moved to a farm in Atchison county, where they lived until about ten years ago, when they moved to Skidmore, where they have since resided.

Funeral services will be held at 2 o'clock tomorrow afternoon at the house. The body will then be taken to the Methodist church where short services will be held, conducted by Rev. Harrison, assisted by Rev. Mr. Welton and Rev. Mr. Reuben Barrett. Burial will be at the Masonic cemetery.

TO MAKE LIST OF VESSELS.

Senate Would Find Out If All American Registered Ships are American.

Special to The Democrat-Forum.

Washington, Mar. 15.—The condition of the President is now so much improved that he is again able to sit up in his room, but he is not able to see any callers.

The Senate adopted Senator Stone's resolution calling for a complete list of all the vessels for which application for admission to the American registry had been made since January, 1916. No explanation of this resolution could be given now, but it is understood that they will be examined to show whether the allies have been placing ships on the American registry in order to bring about the "overt act," which was to begin hostilities with Germany, according to the President's statement.

TAX BILL PASSES

GARDNER'S CHIEF MEASURE GETS HOUSE VOTE OF 75-62.

HARD FIGHT IN SENATE

Depended Upon to Rehabilitate the State's Finances—Commission Will Have Three Members.

Special to The Democrat-Forum.

Jefferson City, Mo., Mar. 15.—One of the chief revenue measures of the administration—the tax commission bill passed the House and the Senate late yesterday afternoon. It now only awaits the signature of the governor before becoming a law.

The measure passed the House late yesterday by a vote of 75-62, after a very stormy journey. Two roll calls were required to save the measure from defeat when the joint conference committee's second report came up for adoption.

In the Senate, much the same fight was enacted again only the opposition war far in the minority. Hours were spent in advocating or denouncing the bill. The fight for the measure was led by Senator Morton of Ray county. On the adoption of the conference report these senators opposed it: Bronson of Christian, Elder and Wiget of St. Louis, Whitledge of Ste. Genevieve, Republicans, and Taylor of Chariton and Baldwin of Bates, Democrats. On final passage there were only four opposing votes.

This measure is depended on to rehabilitate the state's finance should all other administration revenue bills fail to pass or be held unconstitutional. Recommended 3 Members

The committee's report recommended that the commission be composed of three members, the chairman to receive \$4,000 per annum and the other members \$3,500 with traveling expenses. A secretary at \$2,400 a year also was provided.

The committee also recommended that the tax commission's rulings should be final, only when approved by the State Board of Equalization. It originally intended that the tax commission should usurp the powers of the board. Abolishment of the board, however, would require an amendment to the constitution. The board was authorized by the constitution.

Income Tax Bill.

The income tax bill, which has just been passed by the House with a few changes written into it, is expected to meet with approval in the Senate. The proposed Missouri Income Tax will be for 1/2 of 1 per cent on incomes exceeding \$3,000 a year for single persons and \$5,000 a year for married persons. It is a duplicate of the federal tax except for the percentage.

Immediately after the passage of the income tax measure by the Senate it will go to Governor Gardner for his signature. The governor estimates that the bill will provide \$200,000 a year.

In connection with the recent ruling of the Attorney General that the law probably would be declared unconstitutional, Chairman Huestetter of the House Appropriations committee said the House should let the courts pass on the constitutionality of any debatable measure.

MEAL PRICES TO GO UP

Four Maryville Cafes and Hotel Bainum to Charge More For Food—Linnville to Raise on Rooms.

The cafes and restaurants of Maryville will raise the prices of single meals and short orders beginning Monday, March 19. This decision was reached at the meeting of cafe and hotel owners held yesterday afternoon. The Hotel Bainum will also change prices of meals, but the Linnville Hotel has decided to raise the rent of rooms rather than raise the price of meals.

After March 19, the restaurants and cafes will charge forty cents for a regular meal instead of thirty-five cents which has been the price. Short orders will be some higher, exact prices to be determined by the individual cafes. Those who agreed on the proposition to increase the prices are: Moose Cafe, Edwards Cafe, Merchants Cafe, and Estes-Bowmer Cafe.

At the Hotel Bainum the prices for meals will be as follows: breakfast fifty cents; dinner, sixty cents, and supper, sixty cents.
